"When you Plant - Plant the Best"

HIBISCUS AND OTHER PLANTS

TERMS OF SALE

Our aim is to ship quality merchandise, because it is our sincere pleasure to have satisfied customers.

1. Costly back ordering means time lost in starting plants. Rather than keep you waiting for items that are scarce or delayed, we will substitute with varieties equally good or better unless you say "No Substitute"
2. No complaints entertained after five days from receipt of goods
3. All orders are accepted subject to cancellation in case of crop failure and other conditions beyond our control.
4. All stock and plants travel at risk of purchaser. The order is carefully packed and delivered to carrier in "Good Order" where our responsibility ceases. If the stock or plants reaches you in bad order accept it in "Bad Order" notify agent and notify us. We will do all we can to adjust the claim and if the fault is in the packing of the plants full adjustment will be made by us.
5. TERMS - Customers not having an established account with us please send remittance with order. WE DO NOT SEND ORDERS C.O.D.
6. All prices unless otherwise noted are F.O.B. Jacksonville, Fla. Please allow for postage. Orders sent by Railway Express or Truck Lines can be sent charges collect. Postage sent with order and not used will be refunded.

## HIBISCUS AND OTHER TROPICAL SHRUBS

This list of Hibiscus and other plants is mailed you in the hope that we will be able to supply your needs in these plants.

Our stock is in excellant condition, grown right, and ready to bloom for you in your own garden.

To grow these Hibiscus we make our own soil. It is especially made to grow our plants, this means that the plant is fed and nourished right from the time it leaves the cutting bed to the time that you receive it with soil that will build a strong, heavy blooming plant - one that if given the right care will produce blooms for you by the thousand. Our Nursery is always open to visitors, you are always welcome at WILSON NURSERIES, come - see our Hibiscus and other plants in bloom.

### GRAFTED HIBISCUS

While we do not recommend the use of grafted Hibiscus where it is possible to grow the variety on its own root, there are some varieties that produce more abundant and better blooms if grafted on another more hardier root stock, the following Hibiscus are all grafted plants strong and healthy, they represent the pick of all our varieties.

APRICOT DOUBLE	X	Very bright double flowers, nice foliage.
BABTISSI		Semi-double, Narrow red & white intermingled petals. Very pretty and unusual.
✓ BRIDE DOUBLE	X	Very large creamy white flowers. Heavy foliage.
✓ BRIDE SINGLE		Pale pink fading to white, overlapping crepe-like petals. A very large and nice flower.
BURGUNDY		Large double dubonnet to maroon with a velvety texture. Very nice but rather weak.
CHARLES JAMES, Jr.		Very large. Reddish golden orange, petals tipped golden yellow. Very full double & heavy bloomer.
DOUBLE PINK & WHITE		White & bright pink. Very decorative.
FLORIDA SUNSET	X	Single. Bright sunset shades with bronze margin on edge of petals. Very showy.
FIG LEAF	X	Very large single. Buff & purplish pink, deep dubonnet center, very heavily veined. A very strong grower with rich large foliage.
FANNY PECK		Semi-double. Variable cerise color. Large.
✓ FLAMINGO DOUBLE		Large carmine pink flowers. Very striking.
FLOPPY		Single. Orange with reddish markings. Very nice.
GLORIOUS B		SINGLE. Very large. Yellow at outer edge of petals becoming burnt-orange with glowing sunset tints with a silver-mauve center. Truly a remarkable Hibiscus.
HENDRY'S 105		Double yellow. Very large and very full double. The color of rich butter.
✓ HAWAIIIN ROSE		Single. Flowers flat. Bronzy-orange with gold markings and grained effect. Very pretty. We recommend this as one of the best.
HELEN WALKER		Single, very ruffled. Peach pink fading to flesh-pink with deep pinkish red throat. Very heavy.
EVELYN WILSON	X	Triple peach. Very large. Rosy-peach with a gold tip on petals, deep maroon throat & gold backed.
MANDALAY		Single. Lemon-yellow large white center. Ruffled.
MYRNA LOY	X	Double lavender fading to bluish lavender.

We are continually striving for new hybrids in Hibiscus, when we obtain these we have such a limited supply for a year or two that we do not list them. If you are interested in the newer varieties send us your name and address asking to be put on our mailing list and we will send you descriptions as soon as we have any available for sale.

We are always glad to give you any help that you may need in growing your plants, if you run into any difficulties with your plants just send us your questions with a stamped addressed envelope and we will be glad to give you what information that we have.

We believe that a Hibiscus Society would be of great benefit to Hibiscus growers in order to clarify names and to provide you with information that will enable you to grow better plants, if you are interested send us your name and address and you will be contacted if and when such a society is formed.

#### "FLOWERING SHRUBS AND VINES"
